- Dustin Black opened the meeting at 1:40 pm.
- The officers and Stanley Johnson proposed a change to the bylaws consisting of a drop in the required grade point average.
 - With this change, members can drop to between a 3.0 and 3.25 for one semester. If the member's grades improve, they will remain a member in good standing. If the member's grades do not improve, they will be dropped from the chapter and the society. Dropping below a 3.0 will result in removal from both the chapter and the society.
